Education

Indian Institute of Information Technology, Pune

Aug 2023 - May 2027

B.Tech in Electronics and Communication Engineering

Experience

GSSOC Extended '24 Oct 2024 - Nov 2024

Selected among contributors for open-source programs based on interest and proposal. While I could not make active contributions during the program, it motivated me to build foundational skills in Git, GitHub, and collaborative development, which I later applied in building PromptScout and MCP servers of my own.

Projects

[PromptScout – Research Agent](#)

Tech Stack: LangChain, Python, LLMs, NVIDIA API, Custom Tooling, streamlit

- Integrated custom tools via LangChain to enable controlled web access and summarization using LLMs.
- Focused on precise extraction and response synthesis to emulate expert-like research behavior.
- Optimized for usability with a clean UI via Streamlit, enabling real-time querying and dynamic memory handling.

[PortalHelper – AI-Powered Information Retrieval Assistant](#)

Tech Stack: LangChain, ChromaDB, Selenium, Ollama, Deepseek, FastAPI, Neo4j, Git, Docker

- Developed an advanced intelligent assistant to efficiently query and analyze organizational and web-based data using cutting-edge Large Language Models (LLMs).
- Implemented real-time data extraction capabilities utilizing Selenium and provided structured insights through a bespoke knowledge graph.
- Integrated ChromaDB and LangChain to deliver highly accurate semantic search results with contextual relevance.
- Designed a modular, scalable backend infrastructure with a future-proof Application Programming Interface (API) and flexible frontend integration points.

Skills

- **Programming Languages :** Python, C, C++, java, JavaScript, HTML/CSS
- **FrameWorks and Libraries :** Langchain, FastAPI, Streamlit, GenerativeAI, Selenium.
- **DataBase Systems:** MySQL, ChromaDB
- **DevOps & Version control:** Git, Github, Gitlab

Achievements

- Research on Chili Dataset: Worked on classification of 5 different classes of chill based Disease classification using Transfer Learning and Wrote a Research paper.
- Selected as a contributor for GirlScript Summer of Code 2024 and Open Source Connect India(Core Team Member)
- GirlScript Summer of Code 2025 (Contribution)
- Achieved top 2% rank out of 11 lakh students in JEE Main's India
- Silver Medalist, Inter-IIITs Football Tournament (2025).
